Program Information

WORK & TRAVEL

Please read the CHI Student Handbook, which you should have received at orientation or from your student agency. You are responsible for following all rules in this handbook. The rules are in place for your health, safety, and welfare. Failure to follow the rules may result in a participant's negative program status.

Be Prepared

- Make photocopies of important documents and leave a copy with loved ones.
- Back up your digital photos, in case your phone is stolen or broken.
- Leave things you could not bear to lose at home.
- Bring your welcome letter, your important documents, two extra sets of clothes and your necessary medicine in your carry on luggage. Checked luggage is often lost. The airline will deliver your bag to your US housing or employer once found, but it could take 3 or 4 days.
- *If your luggage is lost, send it to your employers address to ensure delivery.
- You are required to bring \$1000 with you from your country. We recommend you bring \$1200. The first few weeks of Work & Travel you will need these funds to establish yourself in a new country. You will need to pay your housing deposit, pay a week or two of rent, buy a sim card, purchase pillows, sheets, and blankets, food, uniforms, a bicycle, or have transportation money. It takes a few weeks to start working, be trained, become integrated into the schedule and get your first paycheck. You don't want to run out of money before your first paycheck arrives. Be prepared, you are moving to another country.

Communicate Your Arrival Information

- Check your email frequently for important information. Respond to it.
- Plan your flight accordingly: if your final destination is far away from your arrival airport, please check that your flight allows you to make any connecting transportation needed to get to your destination. If not, please make a reservation at a local hostel or motel and plan to continue your travels the next day.
- Do not arrive late at night! You may not be able to get into your housing after 20:00.
- You must contact your CHI representative, to let them know when you will be arriving.
- You must log into www.wt.chinet.org to enter your flight information, as soon as you book your ticket.
- Join CHI Facebook pages and become Friends with your Program Coordinator.

Be Safe

- Exercise adequate discretion, stay aware of your belongings, and avoid putting yourself into risky situations (such as unlit, deserted areas at night).
- Open a bank account, on the first day you check into your US housing, to keep the recommended \$1200 you brought from your country safe and secure. You will need this money. Never keep large amounts of money in your student housing no matter how much you trust your roommates.
- Once in the United States, never carry large amounts of money. You will have a debit card from the bank, if lost, this can always be cancelled. Do not give your PIN (personal identification number) to anyone. If you lose your cash, it can not be replaced.
- Do not carry your important documents or valuables to work. Keep your documents, including passport, safely hidden in your room. Never give your passport or documents to anyone (such as a landlord or employer) to keep. It is illegal for anyone to take your passport or documents from you for any reason.
- Bring an ID from your country to carry with you that can easily be replaced (University ID, residency card, drivers license). Passports are difficult & expensive to replace, and losing your passport can ruin your travel period plans.
- Establish a “do not lose it” discipline. Travelers are more likely to inadvertently lose their bags than to have them stolen. I have heard of students leaving passports under pillows, bags on the overhead rack on the bus, & documents in the taxi. Always take a look behind you as you leave.
- When you are out and about, never casually or carelessly set down any small valuable item, such as a phone or wallet. Either hold it in your hand or keep it tucked away. At cafés, do not place your phone on the tabletop or purse on the back of the chair where it will be easy to snatch — keep phones and valuables in your front pocket. Make it a habit to be careful with your things; it will become second nature.
- Stay vigilant in crowds and steer clear of disturbances near you.
- Participants should use common sense, stay with a partner or friend, especially at night. It is recommended participants let a friend know where they are.
- Bicycle riders with helmets had an 85 percent reduction in their risk of head injury and an 88 percent reduction in their risk of brain injury. If you ride a bicycle in the US, wear a helmet.

Student Account Profile | www.wt.chinet.org

- Validation is the second thing you need to do upon arrival in your new city, after calling your parents to report you have arrived safe.
- Log into your CHI Work & Travel account and complete your validation the same day you land in the USA. Many airports offer free wifi.
- If you are staying in a hotel the first days of your program, you should validate using the hotel information and update your information once you move to more permanent housing.
- If you have no access to the web, please call CHI at 1-800-432-4643. There are SERIOUS consequences if you do not validate your visa, beginning with a cancellation of your visa, so do it as soon as possible!
- Validation must be officially finalized by CHI before going to Social Security.
- Participants who do not validate in on their student profile or do not wait for the notification from CHI that their validation information has been approved, prior to going to Social Security, will delay their Social Security card for 60 days. Do not make this costly mistake.

Arriving at a United States Airport

The following documents you **MUST** have in your possession and present to the U.S. immigration officials upon arrival in the U.S.:

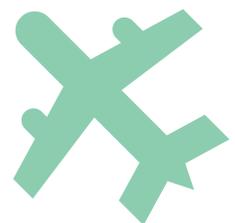

- Valid passport
- DS-2019 Form, the original copy signed with blue ink. Do not accidentally give your loved ones the original copy for safekeeping.
- I-901 SEVIS fee receipt
- J-1 Visa
- Job Offer
- Sponsor Letter

Arrival Tips:

- The immigration officer will review all documents, validate, and place a stamp on your DS-2019 form and your passport. The officer will then return all validated documents to you, including the DS-2019 form.
- Use your “do not lose it” discipline, remember to collect all documents from the immigration officer. This is a place students often misplace documents. Students are nervous, excited and fail to check they have received everything back before leaving the area.
- Wait to check-in on social media or take a selfie until you check you have all your documents.
- You should have no problem entering the U.S. as long as you have all the proper documentation, cooperate and communicate respectfully with the U.S. immigration officers at the airport.

Traveling to your Final Destination

- Before you leave your home country map out your trip. This is a great website to use: www.rome2rio.com. Your CHI representative will send you exact instructions in a letter prior to your arrival. Check your email daily, it is very important.
- When estimating your arrival time please add extra time for waiting for baggage, eating, or missing a bus or train connection.
- Be sure to have a small amount of American currency for regional travel before leaving the airport. Do NOT accept rides from strangers at the airport!
- Plan accordingly, if arriving late at night, please stay in a hotel or hostel and travel in the morning. (You will not be able to get into your housing if arriving late at night.)

Arriving at your Final Destination | What do I need to do now?

- Go to your employer, let them know you have arrived safely. They will provide you with your orientation/start date.
- 24 hours after entering the United States you will be required to retrieve a document on the internet called an I-94.
- Contact your CHI representative and let them know you arrived safely at your housing.
- Wait approximately 5 business days after validating in the database and report to the Social Security office to apply for a Social Security number.

I - 94

The I-94 Form is the Arrival / Departure Record that is issued by the immigration officer at the airport to all foreign visitors entering the United States. All I-94 records are created electronically and accessible online 24 hours after arrival.

Retrieval Tips:

- Wait 24 hours following your arrival in the US before you attempt to retrieve your I-94 number.
- Ensure that the computer you are using is connected to a printer (local library).
- Go to the <https://i94.cbp.dhs.gov>
- Enter the required information in all CAPITAL letters. Please make sure you enter your name exactly as it appears in your passport
- Click Submit
- You must print this document, it is a required document at Social Security

Applying for a Social Security Number

You must apply for your SS card with the local Social Security Office. Before applying for a Social Security card, YOU MUST VERIFY YOUR VALIDATION IS AN S STATUS in the database! This in most cases, takes 5 business days from the day you first validated in the database - www.wt.chinet.org.

Required Documents:

- Valid passport
- DS-2019 Form, the original copy signed with blue ink. Do not accidentally give your loved ones the original copy for safekeeping.
- I-901 SEVIS fee receipt
- J-1 Visa
- I - 94 Form, printed from the internet at your local community library or employer.

Second Jobs

- CHI does not provide second jobs.
- Second jobs are possible. However, your responsibility is to your primary employer. It is the primary employers participation in the Work & Travel program that has afforded you the opportunity to come to the United States.
- A second job may not conflict with your primary CHI position in anyway.
- If you are considering looking for a second job, please be reminded the employer must be approved by CHI for your safety.
- Failure to have any second job approved may result in a participant's negative program status.
- Your CHI representative will send you exact instructions in a letter prior to your arrival. Check your email daily, it is very important.

Health Insurance

It is required that all participants of Work & Travel obtain health insurance.

- Your health insurance provider will email your instructions to obtain your insurance card.
- Do not leave your home country without accessing the health insurance website and printing your card.
- In the United States, doctors and hospitals are in different buildings. Doctors generally have offices away from the hospital or work at an urgent care facility or clinic.
- For a basic illness, you will go to a doctors office, urgent care facility or clinic, pay \$100 and your insurance will cover any costs incurred after \$100.
- For a serious emergency, you will go to the hospital or emergency center, pay \$350 and your insurance will cover any costs incurred after \$350.
- There is no dental coverage. Please visit your primary care doctor and dentist in your home country before traveling to the United States.
- Please contact your CHI representative to report any illness or emergency you may have, so they can provide assistance.

Know the Law

- In the United States, you must be at least 21 years of age to purchase, possess or consume alcoholic beverages. Underage drinking is illegal and can have severe consequences for young people who drink and for adults who provide alcoholic beverages to those under 21.

Be Safe. Follow the rules. Have fun.

HOUSING TIPS, INFORMATION, AND OPTIONS IN SAN FRANCISCO

Overview:

We are excited to welcome you to San Francisco! Because San Francisco (SF) is difficult to find housing, we recommend you start searching for housing now. With persistence and hard work, you can find housing, so give yourself time!

General Tips

- Housing in San Francisco is expensive! Be prepared when you search for housing. It is typical to have apartments cost around \$1300/month PER PERSON. Sometimes it's even as high as \$2500-\$3000/month if not more. **While we do not expect you to pay this much, please keep this in mind when searching.** If you want to find something cheaper, I recommend searching for housing almost every day.
- To reduce costs, try to find roommates or stay long-term in a hostel or hotel. **Hostels and hotels will probably be your cheapest option: you can sometimes find hotels/hostels cost around \$1200/per month/per room with four people but make sure to ask for monthly rates before booking.** Hotels may require you book at a weekly rate before you can get the monthly rate (you will have to ask for a monthly rate once you arrive in SF).
- **Be sure to direct all your questions about the hotel/hostel/apartment directly to management or potential roommates.** They will give you more information and especially when dealing with potential roommates, it's important to try and find a good fit. Again, because SF is so expensive (we are one of the most expensive cities in the world), it's so important to ask questions - be proactive with your search and don't hesitate to follow up if you do not get a response!

Helpful Phrases and Words to Know:

Lease – This is the agreement between you and the landlord or property management. It is a contract that lays out responsibilities between you and the landlord. Leases usually require proof of income, a copy of your J-1 visa, and sometimes other documents.

·Extended Stay – When inquiring with hotels, make sure to ask for an extended stay. This implies a longer than normal stay.

Sublet – When you rent from someone who is still on a lease but will not live there temporarily. Sublets are typically short-term rentals. You would sometimes go through an individual rather than a landlord or property management – if so, make sure to get a written agreement from them regarding your contract.

Cosign – If your income does not meet the basic levels, you may need someone to co-sign on the lease. This means someone else, like a parent or family member, would need to provide their proof of income so you can rent the apartment.

Prorated – Monthly rents can be prorated – in other words, if you do not stay the full month, you do not need to pay the full month's rent. Check to see if you can extend or shorten your stay and get prorated rates.

Refundable – in reference to deposits, this means that the money is given back to you at the end of your stay. Some deposits are only partially refundable, meaning part of it is taken out to pay for cleaning.

Housing Policies to Know:

Rent is usually due on the 1st of the month.

Deposits are typical before move-in when renting an apartment – when you move out, you will receive it back, though some places take a portion for cleaning. Make sure to clarify that the deposit is fully or mostly refundable.

There will be hotels and hostels that offer extended stays. However, sometimes you will have to start off with a weekly rate than monthly.

Documents needed for extended stay or apartment include a copy of J-1 visa, proof of income – either a bank statement or paycheck stub. Some other documents may be required. Check with your hotel or apartment for more details.

Most people renting will conduct a Skype call with you if you are from out of town. If you get a response to an online listing and want to see the place, request a Skype call.

Call and email multiple times! If you want to find housing, you have to be persistent. Keep calling. Google is very handy to find other hotels!

General Neighborhoods:

<http://www.streetadvisor.com/search/neighborhoods-in-san-francisco-san-francisco-county-california> - website that gives you an overview of neighborhoods and accessibility. If you are concerned about what area you'll be living in, check out reviews and information here.

You can also look at the Airbnb neighborhood site:

<https://www.airbnb.com/locations/san-francisco/>

Transportation:

*Important: Please make sure you know how long it takes to get to work from your place of residence. It is important that you are at work on time!

To search for public transportation options between your potential housing and your work location, you can search through the San Francisco MTA page

<https://www.sfmta.com/getting-around/transit/schedules-trip-planners>

- Click on 511 Transit Trip Planner for a door-to-door time estimate. Here you will see what buses or trains you may have to take from your location.

Scams and How to Avoid

When searching online, especially through Craigslist, there can be people trying to scam you. Please be cautious when looking at postings.

Red Flags (aka indications of potential scams)

- If you get a response from someone on Craigslist who wants to email you outside of Craigslist, this is not the best sign. Insist that you continue to talk through the Craigslist email system as they track phrases that indicate potential scams.
- Anyone who does not live there and cannot show you the apartment (ie. They live in a different state but are renting out the place) is most likely a scammer
- Always ask for photos. If they cannot provide photos or the photos appear like stock photography, do not move forward.
- Make sure to talk on the phone or online with your potential roommates before moving forward. If they do not make time to talk to you, do not move forward.

Feel free to reach out if you have any questions if you suspect a scam.
